

# USA Customs Clearance Form

Please use this form if you are sending extra virgin olive oil from outside the USA and DO NOT have the appropriate, Federally licensed importer and/or customs broker to assist you with this process. USA Export Solutions Limited Liability Corporation can support extra virgin olive oil producers with the mandatory process of entry into the USA. Please contact their import division BEFORE shipping. Note: The preferred way to ship extra virgin olive oil into the USA is to submit entries through your importer. This will save time and money for your company. We also encourage consolidation of shipments with other wineries in your area to reduce customs charges. The Los Angeles International Wine & Spirits Competition is not responsible for shipping costs, import/duty fees, or the NEW mandatory FDA prior notice.

\* For producers that do not have a representative in the United States, USA Export Solutions, llc can also assist with the procurement of the mandatory FDA number and declaration of prior notice, by registering your company with FDA Security Agents Services at [www.fdasecurity.com](http://www.fdasecurity.com)
